## Mustang and Dynomerk Announce Cooperation in Indian Market

**Twinsburg, Ohio, May 31, 2022:** Mustang Advanced Engineering (MAE), an American manufacturer of quality, industry-leading, testing equipment, dynamometers and related products, announced a cooperation with Dynomerk Controls, India for the Indian market. MAE, based in Twinsburg, Ohio since 1986, offers an industry leading line of high performance dynamometers and related products. MAE is a leading supplier of advanced, highly engineered testing and measurement systems.

Dynomerk Controls located at Pune, India, since 1996, is a reputed manufacturer of test stands for automotive engine and vehicle testing. Dynomerk has a well established presence in the Indian market. MAE is one of the biggest supplier of dynamometers in the world especially in the emerging EV market. Besides automotive, Dynomerk is supplying drive line test stands for defense applications within India.

With this alliance, Dynomerk will be offering the latest, state of the art and field proven technologies to the underserved Indian market, including the following major product lines:

- EV and Hybrid Vehicle Testing
- Aviation and Aerospace Vertical Lift Product Testing
- Tow Dynamometers
- Vehicle Inspection Systems
- Production & End of Line Testing
- Hub-Axle Dynamometers
- Custom & Specialty Test Stands
- Inertia & Brake Material Test Stands
- Axle & Gearbox Test Stands
- Software, Data Acquisition, and Controls

“This partnership will advance both Mustang Advanced Engineering’s global presence and Dynomerk Controls’ capabilities and product offerings as well,” said David Ganzhorn, VP of Sales.
